Headteacher’s Message

Dear Parents and Carers,

It’s very hard to believe that another term has gone by already. It has certainly been eventful: we’ve had snow days, book days and science days, parent consultations, craft afternoons and trips, not to mention tummy bugs and chickenpox. The children and staff have been working very hard and I’m sure they are all ready for a well-earned break.

The Year Two trip last week was a great success. The staff have asked me to pass on their sincerest thanks to all the parent volunteers who helped them to keep the children safe and contributed to an enjoyable and educational experience. You were amazing!

We are looking forward to the summer term and some warmer, brighter weather. Please remember to check for key dates and return regularly to our website for updates.

In the meantime, we would like to wish you and your families a very safe and happy Easter.

Kind Regards,

S. Dorban

16th May
Census Day

24th May
Last day of half term

Reception

We loved having parents joining us for the Easter craft afternoons. We made Easter baskets, ate hot cross buns, made bunny ears and painted egg cups.

This week we have been learning all about Easter and the Easter story. We made Easter cards and various Easter Crafts.

The Easter Bonnets were amazing and the parade was a great success.

Year 1

In Geography Year 1 have been learning about the countries of the United Kingdom and the capital cities of each one. We have located the countries and capitals on a map and also looked at the flags for each country.

In Science we have started learning about the parts of a plant, and observing garden plants closely. We have also now planted our potatoes. If you enjoy gardening or have an allotment it would be lovely to hear about what you grow!

Year 2

Year 2 had a wonderful trip to the National Space Centre and the children were all very well behaved.

We were very lucky to see the Rover that will be going to check for life on Mars in 2020!

We saw lots of different modules and space artefacts, the Astronaut show was amazing and we felt like we were floating in space.

However as always the highlight of the day was lunch!!
Star Achievers
Year 1
Giraffe - Ellie - Mae for great work in Maths and Jake for working really hard on reading.
Lion - Evelyn for always trying her best and Ayaan for good thinking in Maths.
Panda - Maya for consistently working hard in all areas and Kye for excellent effort in the Drumming workshop.
Zebra - Farhan for fantastic ideas and input in Science and Caelan for trying really hard with phonics and reading.

Star Achievers
Year 2
Kingfisher - Saihan for being an excellent role model and Honey for learning and spelling the Year 2 words.
Dove - Dhruv for always trying hard and doing his best and Nathan for trying really hard with his reading.
Swan - Alfie for super hard work on his space leaflet Daisy for becoming more confident in Maths.
Woodpecker - Zaina for making a great planet Neptune and Robyn for making a fantastic moon buggy.

Kindness at Lunchtime Award
Year 1 : Ruby - Giraffe Class
Year 2 : - Caleb – Dove Class
Sports Star of the Week
Reece - Lion Class and Panda Class

Reception Stars of the Week
Squirrel - Aayah and Rylee
Owl - Sumayyah and Yusuf
Badger - Marie and Ibrahim
Hedgehog - Leonardo and Ava

Keeping Well, Keeping Safe
Hopefully with the holiday arriving the nice weather will return. Please see the link below for tips on how to keep your children safe when they are playing outside. 

Football Festival
Ten children from Swan Class attended the Football Festival at Playfootball.net last week and had a great time. They competed against other schools, learned new football skills and played a few matches.
The children were very well behaved and were a credit to the school. Everyone involved had a great time.

Rocksteady Concert to parents
Many thanks to all the parents and carers who attended the Rocksteady Concert this week. The musicians have all done very well. If you would like your child to attend the sessions please see the flyer sent home this week and contact Rocksteady.

Year 1 visit to The Easter Festival
We were very lucky to be invited the Easter Festival at St John’s Church. The children in Year 1 attended the festival and had a lovely time. The children were given palm crosses, took part in Easter related activities and learnt the Easter story.

Science Week
The whole school really enjoyed activities during Science Week.
The children had great fun experimenting, including making slime, bubble mixture and crazy skittle patterns. We had a fantastic assembly about famous scientists presented by Mrs Robb.

Big Pedal
Very well done to all the children and supporters who have walked or come to school on bikes or scooters over the last two weeks for The Big Pedal. We have done very well this year, and are currently placed fourth in the whole of Luton. When all the results are published we will let you know our final place.

Music Week
This week has been Music Week at Warden Hill Infant School.
The children have taken part in lots of musical activities. The children from Reception attended the Rocksteady performance and were very impressed with the talents of the older children who have been attending lessons.

Railway Children
We had a fabulous visit from M and M Productions this week who performed ‘The Railway Children’. The whole school attended the performance which was wonderfully received, Shayo in Panda Class said ‘The show was very exciting, especially when they tried to stop the train!’ and Robyn in Woodpecker Class said ‘It was great, I loved the singing and the costumes’. Many thanks to everyone who sent a contribution.

Mr Woods presented a fabulous assembly, where a group of staff performed ‘This is me’ for the children!
We also enjoyed African drumming workshops with Martin Hanson from the Osagyefo Theatre Company.
